This was a day when the strength of GKT rugby exerted itself on other medical schools. We were able to enter 3 teams into the tournament (1st, 2nd and a "Freshers" team) and in doing so gave a show of our might and commitment. All the GKT teams were a force to be reckoned with and the tournament took on a round robin format, due to some last minute drop outs from less strong medical schools, there were fiercely contested *intra* club matches. It was a very long day of rugby with battles against UH rivals and those from further a field. When all games had been played the top two teams were GKT 1st and Birmingham 1st.

The final was another close game with the lead changing hands between Birmingham and GKT several times until in the last play of the game Victor crashed over the line and Gretton slotted the conversion to win the tournament for GKT. This was a well deserved victory for the 1st team but of more importance was the number of quality players that turned out to represent GKT.

The evening took on the traditional format with a *sophisticated* meal at the RSM followed by after dinner antics at Hombres, awesome.

Thanks to the RSM, Norm, Sam Rigg and Rhys Fresher.
